

## SLdM Mandatory Summer Reading Lists for all Grades

The following list tells what books your student(s) are required to read over the summer. They are also listed on each grade's supply list. Some grades are requiring the students to bring the books to school in September in order to be able to work with them, some grades aren't. Please look at the supply lists to see which grades require the book to be brought to school. All students must read their assigned books before school begins August 15, 2011.
